SATURDAY, JANUARY 5, 1848.

J. O. JACKSON, 97-THAMES ST.

The lecture on Thursday evening before the Association of Mechanics and Manufacturers, was delivered by Joseph M. Wightman, Esq., of Boston. His subject was "Electro-Magnetism and the Telegraph, with illustrations;" it was purely of a scientific nature, and was interesting to those who have a taste for such things—but we were more than ever convinced of the truth of a remark made by Mr. Park, last week, that Scientific lectures are not suited to a promiscuous audience, before a Lyceum, because a Scientific theme, like Mr. W's, could not be thoroughly discussed and explained to the full comprehension of all in one evening. Mr. Wightman, however, was very minute in his descriptions and took great pains to make himself understood. His experiments were very numerous and successful, showing the different elements and nature of the machinery of the Magnetic Telegraph, which he put in operation in the Hall, in view of the audience. This is certainly one of the greatest triumphs of art, and we may safely say one of the most beneficial to the world, that the past devotee of Science has yet achieved for himself. It takes time and space, and, by a single look, unites the North and South poles of the universe. The audience was the largest that we have yet seen in the Hall, this winter, and all appeared to be pleased with what they heard and saw.

**ALL RAN LOVE.**—The porter at the United States Hotel attempted to put an end to his earthly career on Thursday afternoon by taking arsenic. From what we have been able to learn, it seems that he is desperately ill, and with the chamber maid of the house, a very pretty Irish girl, and because she loved him, he resolved to close up all his troubles. After fixing his dose, and drinking of arsenic, and drinking a part of it, he sought another interview with the girl. In the mean time, the clerk of the house, Mr. Burdick, had occasion to go into his room, and he there discovered what the fellow had been up to. The porter said that he was sick, and that the contents of the bottle remained in his stomach, but fearing that the remainder out. A short time after he was taken with violent spasms, and when Dr. Cotton was called in, and pronounced it a case of poisoning, and administered medicine accordingly. He has since recovered that he is able to be about the house.

There is a strange "element," and no wonder. This poor fellow's heart was affected from spontaneous combustion—nothing else; and we should always have been on our guard to know the origin of this kind of combustion, caused by two hearts in contact had we not listened to Mr. W. Adams's lecture, at Armory Hall, on Thursday evening, on Electro-Magnetism. He told us that electricity was produced in contact by a cold and heated body coming in contact. Now in this case, it is very evident that this poor fellow's heart was quite warm to say the least, and that the cold heart was as cold as ice, and consequently when they came together, electricity was produced, and hence fire; which would have burnt off the vital cord, had it not been for the timely aid offered.

Too much precaution cannot be taken with fire. The Point Mill came down burning down right before last, and probably would had it not been discovered so early as it was by the watchman.

The City committee have transacted business, and have resolved to recommend any form of government to the citizens of this town, at a meeting to be held at Armory Hall on Tuesday evening, at 8 o'clock. The vote of the committee on the resolution stood 11 to 5.

**CHRISTIAN ALMANAC FOR 1848.**—This is a valuable as a reference book, and is also valuable, as it contains a large amount of statistical information in regard to the various and flourishing religious societies of the world. They may be obtained of the publishers, Messrs. J. O. Jackson & Co.

We have several excellent articles on the subject of our talented New York friend, C. C. L. J. Esq., which we shall lay before our readers in a day or two.

From Mexico.—Additional intelligence received from Vera Cruz, states that Gen. Marshall will march from Jalapa on Orizaba, as soon as he can procure the necessary ammunition. Padre Jarauta, the guerilla chief, was recruiting in that city.

Gen. Pierce has arrived at New Orleans. It is stated that he will resign his commission immediately.

Gen. Twiggs arrived at Vera Cruz from the capital on the 9th, in command of a train. Many wounded officers and soldiers came with the train. The General entered upon his duties as Governor of the Department of Vera Cruz on the 27th ult.

Trist, the American commissioner, did not come down with the train under the command of Gen. Twiggs, but was soon expected at Vera Cruz, under the escort of a party of cavalry.

Gen. Lane had a skirmish with the Mexicans at a place called Matamoras. The Mexicans were defeated, and several American prisoners were thereby liberated. Lieut. Ridgely, who acted as Assistant Adjutant General was killed.

The officers stationed at Puebla have resolved to present Gen. Lane with a medal worth \$1000.

It was stated on good authority that Lieut. O'Sullivan, who had been promoted from a corporalship, had resigned his commission in the American army, and joined that of Mexico, with the rank of corporal.

Later intelligence has been received from the army under Gen. Wool. Several Mexican had been murdered in conflicts between the traders and guerrillas near Matamoras.

Morales, the Mexican Governor of New Leon, had been deposed by the Military Governor of Monterey for aiding the guerrillas.

Canals was still levying a tribute on the traders, notwithstanding the strongest efforts to suppress the practice.

**Still Later.**—Later accounts received from Mexico, state that the British consul, who left Vera Cruz recently for Queretaro, carried despatches from the British Government to the Government of Mexico, urging authoritatively the necessity of concluding a peace with the United States.

The latest advices from Queretaro state that the council of Mexican Governors which had assembled at that place, to deliberate on the condition of the national affairs, had broken up. They left the question lying to sustain the Government with means to meet its expenditures.

We are indebted to Mr. Robert S. Covell for last evening's Boston papers, delivered through the politeness of Mr. Solomon Hubbard.

The Matamoras flag of the 28th ult. says that many of the Mexicans would be emigrating to the Texas side for the protection of the American laws, should the Rio Grande be the boundary.

The Whigs of Mercer county Pa. have nominated General Scott for the Presidency, and Judge McLean for the Vice Presidency.

Gen. Taylor is not coming Northward. He has declined an invitation from the citizens of Vicksburg, saying that his private affairs require his whole attention.

The N. Y. Evangelist, says that three large steamers, from 200 to 300 horse power have been fitted out at Bahia for the slave trade. One has arrived on the West coast of Africa, embarked 900 slaves, and escaped from the brig of war Sea-Lark, during a calm.

The Washington correspondent of the New York Express says that Jefferson Davis has been appointed regent of the Smithsonian Institute, in place of Lewis Cass, resigned.

There are 1837 inmates of the Blockley Almshouse, Philadelphia. 1070 were admitted in 1847; 702 died and 103 were born in it.

Are the ladies aware that leap year has commenced, and they can now leap over all obstacles which custom has raised? Look out, old bachelors.

The amount of Treasury Notes outstanding on the 1st of January 1848, was \$14,937,330.

The late unusual amount of sickness prevalent in the up-country regions of North Carolina, is attributed to the immense number of dead oak trees on every plantation.

The following items we cut from the European Times of December 18th:

Just after the departure of the Hibernia on the 4th, our Cherbourg correspondent informed us of the return at that port on the 1st, of the French steamship Union, with six feet of water in her hold. She had previously sailed from Havre on the 21th for New York. A late arrival from America stated that one of these steamers had been obliged to put into Newport (Rhode Island) for coal after which her commander took the Sound passage for New York. Any one acquainted with "Hell-gate" on that route, may feel thankful that he was not a passenger on that occasion whilst passing that dangerous spot.

The Prince de Joinville arrived in Paris on the 8th inst. from the Mediterranean, having relinquished the command of the Mediterranean fleet in consequence of bad health. He has for some time past suffered severely from liver complaint, and it is said that his health is so much broken that he will not be able to go any more to sea.

It is said that the late Elector of Hesse has left behind him a private fortune of £1,000,000 sterling.

The silk weavers of Spitalfields are in a state of extreme distress.

On the 6th inst. there were 487 ships in Sunderland harbour, the largest number ever known at one time.

In Constantinople the cholera had nearly ceased. At Trebizond it reached its climax about the 23d of September, and disappeared on the 13th of October. Its ravages were confined chiefly to the native population, from 120 to 140 dying daily.

The Peruvian Government is stated to have abolished the export duty of five per cent. which it has hitherto levied upon silver.

On the 1st of January a reduction will be announced by the Austrian Government, on the duties upon raw cotton, sugar, and other colonial produce.

The directors of the Philosophical Institution, Edinburgh, have succeeded in securing the services of Mr. Emerson, the distinguished American author, to deliver a course of lectures during the months of February and March next.

The physician who enjoys the largest practice in the metropolis, in his last return for the income-tax, stated his professional earnings at £33,000, and several other physicians made returns varying from £15,000 to £5000.

A Philanthropist.—John Augustus has, during the past year in our criminal courts, bailed 137 prisoners, most of whom were drunkard minors. During the past six years, Mr. A. has become bail for 636 persons, the whole amount of his bonds being \$45,750, and only in a single instance has he been compelled to pay his bonds, and then only for \$100.—*Boston Bee.*

The Mr. Augustus here spoken of is father of John F. Augustus, merchant, of this town.

Senator Fairfield has left a widow and eight children. He was about fifty years of age.

An official statement signed by Daniel Graham, register of the United States treasury, shows that the expenditures of the government, for the first quarter of the present fiscal year, were eighteen and a half millions.

The arms of a pretty girl are said to be a certain cure for a sore throat.

TAKE CARE.—In a Philadelphia stable, infested by rats, rat-poison had been placed, which killed six horses.

Well, Miss, said a knight of the bachelors, "can you decline a kiss?" "Yes," said the girl, dropping a perplexed courtesy, "I can—but I hate to most plingoly."

A YANKEE SCHROFF IS OAHU.—We have received Sandwich Island dates to May 22d, by which we perceive that Mr. Andrew Potter, printer, formerly of this city, has been appointed Deputy Sheriff of the island of Oahu, and Prefect of police for the town of Honolulu. We will warrant that Mr. Potter will be a terror to all the elderly natives.—*Boston Chronicle.*

The Bank of Auburn, New York, on the 27th inst. declared an extra dividend of one hundred thousand dollars or fifty per cent on its capital stock.

## Thirtieth Congress—First Session.

**SENATE.**—Thursday.—The tenth regiment bill was called up, and Mr. Crittenden moved to amend by striking out all after the enacting clause, and inserting a provision authorizing the President to accept the services of 30,000 volunteers. He considered the number now in Mexico sufficient to carry out the plans of the Secretary of War.

Half that number had conquered everything opposed to them. He wished to give the President authority to call out all asked for, only when required by circumstances, but would not consent that Congress should be held to take the responsibility of adding to the positive force ten regiments to the regular army.

Those asked for would increase the military force to between 90,000 and 100,000.

Mr. Corwin, of Ohio, presented a petition from the Society of Friends, in favor of terminating the war, and recommending a Congress of Nations for the preservation of Peace.

Mr. Mason presented a resolution for admitting the editors of the Union to the floor of the Senate. Laid over.

Mr. Miller presented a bill to authorize the erection of a Monument to Washington in the Public Ground.

Mr. Johnson of La., offered a joint resolution for the payment of claims against Mexico. Read twice.

Bills for additional persers, and for extending time for locating bounty lands, were considered.

Bill for filling vacancies in Volunteer Regiments, and extending the bounty of twelve dollars to Volunteers, Dragoons and Riflemen, was passed.

The Ten Regiment Bill was then taken up, for granting supplies for the war, which was opposed by Mr. Hale, of New Hampshire.

**HOUSE.**—Thursday.—The House went into Committee of the Whole on the Southern Mail Contract, upon which a debate ensued.

**CAUTION.**—The public are particularly cautioned against being imposed upon by persons who are selling preparations of Sarsaparilla which they pretend have the same qualities as *Bonny's Sarsaparilla* and *Tomato Bitters*. Since these Bitters have been offered to the public, there have been no less than four different imitations got up by as many different individuals, and sold for the genuine. The good qualities of *Bonny's Sarsaparilla* and *Tomato Bitters*, is already known and appreciated by physicians and the public. *Bonny's Sarsaparilla* and *Tomato Bitters*, who have used them in various diseases, Bilious affections, Costiveness, loss of appetite, &c. There has been no medicine sold that has given such general satisfaction. There cannot be the least doubt but this compound is the best alterative now in use. We have abundance of proof of that fact. There have been thousands of cases of impurities of the blood cured by this medicine. Some of them have been truly wonderful, where the patients have been given over as incurable. The above compound is not merely a common extract of the best Sarsaparilla, but a very strong extract of the best Sarsaparilla, extracted by an entirely new apparatus, made expressly for the proprietor, and used by no other person in this country. This apparatus ensures the whole medical qualities of this most valuable root.

**HAPPY NEW YEAR.**—In the midst of our merry-making and good humor, let us not forget that moderation both in eating and drinking is the only rational means of securing to ourselves a happy New Year.

It is not our purpose to encourage any species of intemperance; yet as the most circumspet may, at times, be seduced into an overloading of the digestive organs, we may be permitted to recommend Wright's Indian Vegetable Pills as the most effectual medicine in the world for removing headache, sick stomach, loss of appetite, heaviness of spirits, and all other complaints which arise from an over-indulgence at the table.

**Beware of Starch Coated Counterfeits.**—Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.

The genuine are for sale by C. G. C. HAZARD, No. 80 Thames-st., Sole Agent for Newport; and by Nathan Dennis, Portsmouth; Seabury & Albany, Tiverton Bridge; Arnold Smith, Tiverton Four Corners; H. E. Brown, Little Compton; W. A. Brown, Adamsville. Wholesale at the New England Office, 105, Tremont-st., Boston.

**MEDICAL USES OF THE WILD CHERRY.**—Ever since the settlement of America, Wild Cherry has been known to possess very important medicinal virtue. Every body knew this fact, but nobody knew how to extract its essential properties. Every mother gives Wild Cherry to her children for worms, for colds, and for almost every disease; and adults throughout our country are in the habit of making a compound or syrup of wild cherry bark, and other ingredients, to be used in spring as an antidote to complaints incident to that changeable season. It is found by experiment that the wild cherry possesses even far more important qualities than was ascribed to it. For the first stages of Consumption, Asthma, no matter how long standing, Coughs, Liver Complaint, &c. it is proved to be the best medicine known to man. Dr. Wistar's Balsam of Wild Cherry is a chemical extract, combined with a similar extract from Tar, which enhances its value. Its success in curing Pulmonary disease, in almost every stage, after our best physicians could do no more, has astonished the faculty, and led them to confess that Wistar's Balsam of Wild Cherry pos-

sesses a principle heretofore unknown among medical men. Name genuine, unless signed I. BUTTS on the wrapper.

One of the most important effects of the recent progress of Science is the alliance of Chemistry with Physiology. By which a new and unexpected light has been thrown upon the vital processes of animals. For this we are indebted chiefly to the German and French chemists. We have now a clear understanding of the different action of aliments, poisons, and remedial agents, and the long derided theory of the blood being the portion of the system upon which the latter should act, is now a demonstrated truth. The great object, therefore, is to ascertain what remedy will act most directly upon the constituents of the blood when in the act of combination. Experience, observation, and a cloud of witnesses, establish the fact that SAND'S SARSAPARILLA, is at the very head of this class. Cancer, scrofula, salt rheum, erysipelas, leprosy, ringworm, mercurial diseases, suppuration of the glands, swellings of the joints, and all the diseases of the muscles and tissues, together with general debility of the system, yield to this unailing purifier of the blood—for the blood is the channel through which disease finds its way to the various organs of the body.

Prepared and sold by A. B. & D. SANDS, Druggists, 103 Fulton st. N. Y.

Sold also by Dr. R. R. Hazard and R. J. Taylor, Newport, by J. Russell, Fall River, by C. Dyer, Newbury.

**To enable the Sickly to Die of Old Age without Disease.**—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of pain, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Bilious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a possessor of the blood; so safe, mild, and universal a remedy as these Sovereign Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 96 John-st., New York, proprietor. See advertisement in another column.

[Extract of a letter from Dr. Williams of V.]

Gentlemen—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Boyden, Esq., of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.

The great and only Successful Remedy for the cure of Consumption, Dr. E. W. Vandersmith's INDIAN COUGH BALM and LUNG BALSAM.

Dissemination of the Lung and Throat cured, White Plains, April 20, 1847. This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend, EDWARD C. THOMPSON. Sworn before me this 21st day of April, 1847. A. L. MICKLE, Mayor of the City of N. Y. Inflammation of the Lungs.

New York, June 19, 1847. Dr. Vandersmith:—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing fits, that I thought it was impossible for me to survive unless I could get relief. The excessive night sweats, had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend, JAMES B. HENDERSON. No. 703 Washington street. Sworn before me this 19th day of June, 1847. W. V. BRADY, Mayor of the City of New York. Consumption.

Staten Island, June 10, 1847. Dear Sir:—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing tub, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. Vandersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound. Yours, &c. ROBERT WILLSEY. Sworn before me this 10th day of June 1847. W. V. BRADY, Mayor of the City of N. Y. Principal Office, No. 36, Barclay Street, N. Y. None genuine unless signed with the written signature of W. Vandersmith, M. D., and his name blown on the glass of the bottle. For sale by R. J. TAYLOR, No. 148 Thames-st. July 30/3 in.

Hyer's Pills. The American Improved Human Vegetable Pills.

SAFE, CHEAP, AND EFFECTIVE. This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple and to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by recommendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge. General Depot 110 Fulton st. 2d floor, N. York between Nassau and Broadway.

Sold by R. R. HAZZARD, Confectioner, 57 Thames street, Newport; and J. H. TAYLOR, Druggist 58 North Main-st. Providence, R. I.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition. THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of artificial grease or essential oils. It cleanses the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR. It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life. Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair. Manufactured and for sale by WM. BOGLE, 223 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR. A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by WM. BOGLE, accompanies each bottle. Aug. 24—1y.

GENUINE BEAR'S OIL. Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's Oil" (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Purified and perfumed for toilet purposes, by Henry Johnson, Chemist and Druggist, 273 Broadway, corner Chambers st. in the granite building. Sold in Newport by R. R. HAZZARD, near the Court House. August 1st.

The grand purgative for the cure of headache, piles, rheumatism, dyspepsia, scurvy, small pox, jaundice, rising in the throat, fevers of all kinds, heartburns, coughs, consumption, erysipelas, deafness, colds, gout, gravel, pains in the back, palpitation of the heart, inward weakness, dropsy, asthma, measles, salt rheum, worms, quinsy, whooping cough, fits, liver complaint, itchings of the skin, nervous complaints, and a variety of other diseases, arising from impurities of the blood, and obstructions in the organs of digestion.

CAUTION.—Beware of an imitation article called Improved Sugar-Coated Pills, purporting to be patented, as both the pills and pretended patent are forgeries, got up by a miserable quack in the city of New York, who for the last four or five years has made his living by counterfeiting popular medicines. Remember, Dr. C. V. Clicker is the inventor of sugar-coated pills, and that nothing of the sort was ever heard of until he introduced them in June 1843. Persons should therefore always ask for Clicker's sugar-coated pills, and take no others, or they will become the victims of a fraud. 25 cents per box, or five boxes for \$1. Sold in Newport by R. J. Taylor, and by one agent in every town in New England.

Brownell's Cooking Range. THE subscriber has just completed the invention of a new Cooking Range, to which he invites the attention of the public. This Range possesses qualities for expeditious boiling and cooking that other Ranges do not, and it occupies but a small space of room. Brownell's Cooking Range has six right inch boilers, any two, or four of which, can be thrown into one, so as to admit of a large boiler; and it is provided with a set of rings so that any size furniture can be used on it. Its Oven is large, convenient of access, and having an upward draft, it bakes evenly with a small quantity of fuel. One of these Ranges is in successful operation at the store of the subscriber, subject to the examination of the public, who are invited to call and take a look at it. WILLIAM BROWNELL. June 2.

BARTINE'S LOTION, Kid & Horse Liniment, and Croap's Liniment—for sprains, wind-galls, ring-bones, spavins, fresh wounds, stiffness of the joints, &c. in horses—a new supply of the above is received at R. R. HAZZARD'S Near the Court House.

China, Glass and Earthen Ware, At Wholesale and Retail. THE Subscriber has just opened at the Glass and China Store, Colonnade Row, No. 2, Thames street, the most extensive, and best selected stock of China, Glass, and Earthen Ware, ever offered in Newport, to which the attention of the public is invited. His Stock consists in part of the following articles: Lamps.

Solar Lamps, Chandeliers, Candelabras, Lustres, Girandoles, Hall Lamps, Side Lamps, and in fact, every kind of Lamp now in use, varying in prices from almost nothing up to \$25.

China Ware. Several splendid Dining Sets of pure Imperial China Ware, warranted superior to anything ever before offered in this market; Splendid pure China Tea Sets, of the latest and most approved patterns, for sale low.

He also has a great variety of common Ware, for family use, which we will sell very low. He is now prepared to furnish families, and also to fill orders at the shortest notice; he also keeps all kinds of ware to let for parties, &c., on the most reasonable terms. JOHN T. STANHOPE.

Coggeshall & Bliss' Patent Cooking Range. THE subscriber has just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public. This Range may be set in the ordinary fire place, and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney. Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction. This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains an Oven 12 inches wide by 21 deep, which cannot be surpassed for baking. The subscriber has one of these Ranges in operation at his store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. He also keeps constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c. WM. H. BLISS. Feb 9th.

READER! READER! If you are afflicted with Bronchitis, Asthma, Obstruction of common Coughs and Colds, Spitting of Blood, Bleeding of the Lungs, Whooping cough, croup, difficulty of breathing, sore throat, hoarseness, first stages of consumption, and all other Pulmonary or Lung Complaints, try

DOCT. EMANUEL'S BALSAMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor. Names and residences of persons residing in the city of New York, who have been cured or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form: Mr. Hiram Amants, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him. Mrs. Morgan, Front-st., Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mr. L. W. Conklin, 102 Eldridge-st. Mr. Alonzo Brown, 72 Rade-st. Mrs. Morgan, 162 Front-st., Brooklyn. Orange county April 19th, 1846.

DR. EMANUEL. Dear Sir:—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured. Yours, dear sir, with great sincerity, ISAAC J. BEED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

Dr. Emanuel's Balsamic Lung and Cough Jelly, is sold by the Agent, R. J. TAYLOR. Price fifty cents a bottle, or larger sizes one dollar. Dec. 11.

CEMENT AQUEDUCTS. THE subscriber, having the exclusive right to make and use the Gravel Cement for Aqueducts, and other purposes, for the State of Rhode Island, is prepared to sell county, town, or individual rights, on favorable terms. For certificates of its superiority over other pipes, see large bills. Specimens of pipe can be seen at the Park House, and at John L. Cranston's, corner of Perry Wharf, Newport. For particulars, enquire at this office, or of the subscriber, 21 Ship-st., Providence. Oct 6th JOSEPH A. SCOTT.

Roake's Iodine Liniment. A SAFE and certain cure for Rheumatism, or either chronic or inflammatory—Paralysis, or loss of the use of the limbs, contractions of cords and muscles, and gout, it matters not of how long standing; sprains, bruises, tumors, hand swellings, and enlarged joints, yield to a few applications of this Liniment. It has been used with incredible success in scrofula or king's evil, enlarged glands, diseases of the spine and hip joints, the scrofulous, and all nervous affections. It is invaluable, and acts like a charm, stopping the bleeding of flesh wounds, and causing them to heal in a few days. It has never been known to fail curing the most stubborn ulcers or fever sores and swelled legs, pain across the kidneys, in the chest, side, also stiff neck, sore throat and croup.

It speedily and effectually eradicates cutaneous eruptions of the skin in the form of salt rheum, erysipelas, pimples, ringworm or tetter. Barber's itch, scald head, &c. It instantly removes toothache and headache. It extracts the pain and cures corns, bunions, chilblains, &c. Sold by R. J. TAYLOR. Agent for Newport.

CLOVE ANODYNE TOOTHACHE DROPS.—The Clove Anodyne is the best of all Toothache remedies. It is immediate and certain in its effects, cutting the most violent toothache, or pain in the gums in ten minutes.

Experience has proved that this Anodyne composition will give immediate and permanent relief, after the failure of every other remedy; it is pleasant to the taste and smell; will not injure the teeth or gums in any way, and a few applications will entirely renovate the pain and soreness from a decayed tooth, so that it may be filled and rendered useful as ever. When the pain proceeds from the face or gums around a tooth apparently sound, this application will give immediate relief, by rubbing a few drops to the part affected. Price 25 cents. Prepared and sold by HENRY JOHNSON, Chemist and Druggist, 273 Broadway, corner of Chambers street, in the granite building. Sold in Newport by R. R. HAZZARD, near the Court House. Aug 18th.

Mrs. Jervis' Cold Candy. EVERY ingredient in Mrs. Jervis' Cold Candy is admitted good by every physician in the effect of curing colds. The scientific and happy combination of the herbs it is composed of, and the innumerable certificates that come pouring in daily, unasked, prove that Mrs. Jervis' Cold Candy stands pre-eminent as a certain cure of colds, coughs, hoarseness, sore throat, whooping cough, croup, asthma, catarrhs, palpitation of the heart, night sweats, difficult or profuse expectoration, slight bronchitis, influenza, &c., and all the affections of the lungs that lead to consumption.

In cleansing the voice its effects are certain. For sale by P. RIDER, agent for Newport. nov 17.
